IMPORTANT SAFETY INSTRUCTIONS

Read all instruction before using and keep for future reference

- Read these instructions carefully and familiarise yourself with the procedure before assembling the unit.
- Check that you have all the component parts following the list on the page 3 and familiarise yourself with each part before proceeding.
- Take all the fittings out of the plastic bag and separate them into their groups.
- Ensure you have enough space to lay out all the parts before assembly.
- To avoid scratching it is recommended that you assemble the unit on a soft level surface.
- Please keep children away when assembly. Please keep children under direct supervision of adult when using.
- **Please do not use the gazebo under windy condition.**
- Always use guy rope and pegs to secure the gazebo when using.
- This Gazebo is not a permanent structure and should be disassembled and stored away after using.
- Do not repack your Gazebo until completely dry.
- We recommend assembly by four persons under light or no wind conditions.
- This Gazebo must not be left erect in windy conditions.
- Keep the Gazebo Fabric away from screws, nails, staples, hooks, etc to avoid damage to the fabric and frame.
- **Warning:** The unit weight approximately 7.8 kgs.
- **Please lift with care.**

CAUTION

Fire precautions

- Do not place the Gazebo near lights, fireplaces, gas or electric heaters, candles, radiators, or any other sources of heat, fire or flammable liquids.
- This Gazebo features a Fabric cover that is not retardant.

Safety

- To avoid any risks of suffocation to animals or children dispose of the plastic bags immediately.

- We recommend caution and common sense when in use.
- This Gazebo can burning.
- Do not use naked flames in or around the Gazebo. We recommend you advise no smoking while inside.

Cleaning

- As with all surfaces clean with a damp cloth and mild detergent, do not use bleach or abrasive products.

- This Gazebo has no flame retardant cooking area and should not be use to house BBQs or other cooking methods.

Components - Fittings

Please check you have all the fittings listed below

Note: The quantities below are the correct amount to complete the assembly. In some cases more fittings may be supplied than are required.

Assembly Instructions

Step 1

Assembling support poles

Insert support pole **8** into the support pole **7** ensure all the poles are fully inserted and secure.

Important note: Because of the size of this unit we recommend that it

Ensure to locate the unite on the flat ground free from obstruction, in a sheltered area away from wind and heavy rain as this will damage the unit.

Step 2

Assembling corner joints

Use corner joints **4** to connect the support poles. Ensure all the poles are fully inserted and secure.

Note: It would be useful to ask someone to help you at this step.

Assembly Instructions

Step 3

Assembling top poles

Insert top poles **6** into the top poles **5**. Ensure all the poles are fully inserted and secure.

Step 4

Assembling corner joints and centre connector

Connect the top pole to corner joints **4** and centre connector **3**

Note: It would be useful to ask someone to help you at this step.

Assembly Instructions

Step 5

Assembling leg poles

insert leg poles **10** into the unite. Ensure all the poles are fully inserted and secure.

Note: It would be useful to ask someone to help you at this step.

Step 6

Assembling gazebo covers

Carefully place the gazebo cover **1** over the assembled roof. Then pull the gazebo tightly over the assembled roof frame.

Note: It would be useful to ask someone to help you at this step.

Assembly Instructions

Step 7

Fixing leg poles

a: insert the base plate **2** into the leg pole **12**

b: insert leg poles **12** into leg poles **11**. Then insert the whole connected leg poles into the unit. Ensure all the poles are fully inserted and secure.

Note: It would be useful to ask someone to help you at this step.

Step 8

Fixing the gazebo cover

c: use the velcro tapes inside the gazebo cover to fix it onto the assembled frame

d: attach the gazebo cover's hooks into holes on the leg poles **12**. Tighten by moving the hook to a lower hole.

Note: It would be useful to ask someone to help you at this step.

Assembly Instructions

Step 9

Fitting the guy ropes

a: Attach **E** on the guy rope **C** so that the length of guy ropes can be adjusted.

b: attach the end of the guy rope **C** to the corner of the top cover ring on the gazebo. Then attach the other end to peg **A** and drive the peg into the ground.

Repeat above steps to assemble the other guy ropes.

C: use the peg **B** to fix the base plates **2**

Note: the pegs are for location purposes only, they will not support the unit in high winds, see above instructions.

Assembly Instructions

Step 10

Fitting the panels

a: Hang on the two panels at the top using the curtain ring **D**

b: Use the velcro tapes at side of panels to fasten to the gazebo legs.

Side panels can be taken off separately.

Warning:

Do not assemble or disassemble during strong winds.

Assembly is complete.

Important note: always use this product with caution and read the important safety instructions.
